

# Do YOU want Reflectorsaurus to come to YOUR school?

## **Safe Routes to Schools (SRTS):**

- **SRTS is a federally funded program whose goal is to increase the number of children *safely* walking and biking to school.**
- **Reflectorsaurus, our reflective mascot, and his handlers present to students why it is important to be **SAFE** and be **SEEN** and how to ride a bike or walk to school safely.**
- **Reflectorsaurus is unique to Alaska and will work with schools' schedules so as not to take away from class time (presentations are generally 30 min.) and can be presented to individual classrooms or in assemblies.**
- **Reflectors are available to handout to kids to increase visibility while walking or biking (and are completely **FREE** upon order!).**
- **We are available to talk to staff, parents, or other individuals about how to start a Safe Routes program in **YOUR** district. This includes information about **GRANT** funding available for **PLANNING** and **INFRASTRUCTURE** improvements.**
- **Reflectorsaurus visits and safety presentations are **FREE** of cost to schools, in addition to being fun and educational for kids.**
